

## **Child Hot Car Deaths: Know the Facts!**

**\*Most deaths occur because a child is accidentally FORGOTTEN in the BACKSEAT**

- Morning daycare drop-off is a high-risk time of day
- A change in routine increases the risk
- Kids less than age 2 are at highest risk

**\*30% of deaths occur because a child gains access to an unlocked vehicle**

**\*The temperature inside a vehicle increases more than 40 degrees in less than an hour**

**\*PREVENT child hot car deaths!**

- Make a daycare drop-off confirmation plan (Ray Ray's Pledge™)
- LOOK before you LOCK™
- Call 911 if you see a kid alone in a car
